EDUCATION

Georgetown University | Walsh School of Foreign Service

Bachelor of Science in Science, Technology & International Affairs

- GPA: 3.9/4.0 | First Honors

Washington, DC

Expected Graduation: May 2028

WORK EXPERIENCE

Garde-Robe

Product Manager Intern

Washington, D.C.

August 2025 – Present

- Designed an incentive-based growth strategy to gate price-drop alerts, style-matching, and social-voting features behind friend-invite milestones, increasing viral coefficient from 0.0 to 0.15.
- Rebuilt onboarding from 18 user interviews, removing forced contact permissions and adding in-app tutorials.
- Launched campus-ambassador programs across seven universities to increase signups by 60% across launch campuses.

Toast, Inc.

Product Management Consultant

Washington, D.C.

July 2025 – December 2025

- Identified ordering friction by analyzing 50 Qualtrics responses to design a menu-filtering solution, entering pilot launch.
- Built an Excel feature matrix and financial benchmark across 11 competitors to identify Toast product gaps.
- Evaluated AI ranking logic across ChatGPT, Gemini, Perplexity, and Claude to develop an SEO optimization playbook.

U.S. House of Representatives

Legislative Intern – Office of Rep. Kevin Kiley

Washington, D.C.

January 2026 – Present

- Synthesized 10+ congressional hearings on consumer data privacy, intellectual property, and online user safety into six policy memos to inform legislative staff strategy.
- Analyzed qualitative feedback from a 710K-constituent base through 30+ daily calls to draft five weekly press releases.

Massive Data Institute @ the McCourt School of Public Policy

Research Assistant

Washington, D.C.

January 2026 – Present

- Determining funding eligibility for K-12 classroom AI tools in a \$20M initiative assessing privacy and data governance risks to guide distribution across six grants of \$50K-\$200K.
- Created a 10+ criterion risk rubric (FERPA alignment, redaction policy) for data used in national AI tutoring challenges.

Georgetown University School of Foreign Service

Web Developer Intern

Washington, D.C.

March 2025 – December 2025

- Reduced site load time by 30% for 17M annual users by optimizing responsive HTML/CSS layouts across 95 pages
- Analyzed 150 UX surveys responses to improve SEO by restructuring page metadata and 50+ article's keyword use.

LEADERSHIP & EXTRACURRICULARS

Hoyalties

Chief Consulting Officer, previous Director of Training

Washington, D.C.

August 2024 - Present

- Oversee and advise 11 data consulting projects (e.g., DC Metro and Control Risks) over a 17-week period in delivering performance insights, retention analysis, and growth recommendations.
- Taught 4 semester-long training modules for 300+ analysts at Georgetown's largest consulting organization, covering Python, Tableau, SQL, R, and Excel, culminating in 27 end-of-semester capstone projects.

Product Space

Senior Product Analyst

Washington, D.C.

August 2024 – Present

- Led 5-person team to conduct 22 user interviews and DAU/MAU analysis to identify Slack workflow pain points and prototype an interactive Figma AI dashboard, earning 2nd place at NYU's 24-hour intercollegiate product competition.

Georgetown Asian American Student Association

Professional Development Committee Director, previous Treasurer

Washington, D.C.

October 2024 – Present

- Directed a team of 4 representatives to host monthly career development events, initiating outreach to 1,000+ alumni.
- Managed a \$20,000 budget across six committees for Georgetown's largest student-run organization of 400 members.
